Checkpoints evaluated while locating the finish time
SUBS
128-corruption check: 11--12 min
D3PM mask
128-corruption check: 22--23 min
SEDD mask
128-corruption check: 24--25 min
DUO (top-k approximation)
128-corruption check: 79--80 min
DUO (original curriculum)
128-corruption check: 42--43 min
SEDD uniform
128-corruption check: 98--99 min
D3PM uniform
target not reached
HellaSwag accuracy (%)
elapsed training time (minutes)
8 random versions per ending
32 random versions per ending
128 random versions per ending
adjacent failing / passing minutes
27.5% target
Solid: mask noise; dashed: uniform noise.
Shading is one standard deviation across ten trainings.
